Fishing Society UNSW

Sponsorship Information

WHO ARE WE?

FishSoc is the official fishing and related activity club of the University of New South Wales, proudly affiliated with Arc.

In our first term, we have gathered the support of over 60 seasoned official members who desperately need supplies - this is where you come in!

We are expecting a growth to over 100 members in 2027 due to the rising popularity of fishing as a recreational activity in youth.

We run regular fishing trips and events across sydney. fostering a space where stressed uni students (and the public) can learn to fish recreationally and sustainably.

As an emerging club, and as anglers ourselves, we are looking to build long term partnerships with brands that share our passion for quality gear, community engagement and supporting the next generation.
